SLIDING PANEL TRACKS

RETAIL PRICE LIST

Headrail systems: Sliding panel tracks offer flexibility, effective light and shade control and UV protection across large expanses of windows

Sliding panel tracks are available in two, three, four and five channel tracks.

Sliding panel tracks are available in white and silver channels

Splicing available upon request

Headrail can be purchased separately Please refer to the "Track Only" section of the price guide

PVC sliding profile is attached to a Velcro runner simplifying the assembly and installation process.

Standard sliding panel tracks are cord drawn. Optional baton draw or free flowing (drawn by manually pulling each panel separately) panel track systems are available upon request at no additional charge

Unique in the market: Coulisse® motorized DC panel track system is compatible with home automation Compact motors are aesthetically incorporated in the blind system

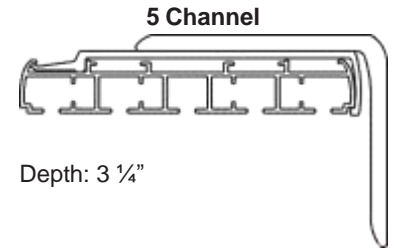

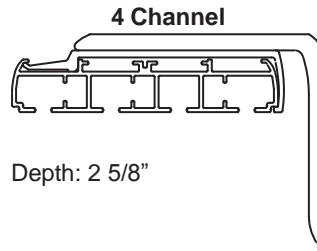

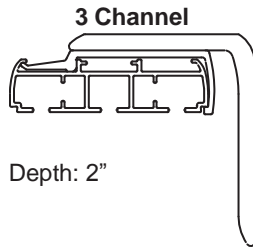

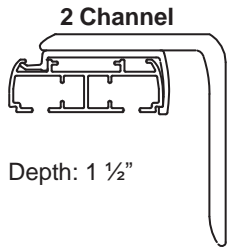

Fabric panels: Fabrics are available in different colors and textures. Panels may be free floating and individually adjusted. Panels can be collected and follow a lead panel in sequence to open and close Panels position exactly behind one another There is no light fissure between rail and panels. Panels will reach the end of the window frame.

Panels do not hang perfectly flat; some fabrics may have a billowing or wavy appearance at the time of installation which may correct itself over time

Fabric panels can be purchased separately Please refer to the "Panels Only" section of the price guide

Top Treatments: The headrail can be installed with wall brackets or ceiling brackets for a clean contemporary look To conceal the panel track, optional top treatments include (surcharges apply) a fabric wrapped cornice or an IB shade valance Please refer to the Roller Shade options section of the price guide for pricing

Panel Track Dimensions:

NOTE: Panel tracks are available in a variety of track configurations.

Unique Hooking System:

The patented hooking system makes it easy to attach the panels even after installation of the rail

One Way Configuration	Mounting Depth Required	Center Configuration	Mounting Depth Required
When installing a combination of channels side by side, please allow 1/8" distance between profiles.			
2 Panels	1 1/2" wide	2 Panels	1 1/2" wide
3 Panels	2" wide	4 Panels	2" wide
4 Panels	2 3/4" wide	6 Panels	2 3/4" wide
5 Panels	3 1/4" wide	8 Panels	3 1/4" wide
6 Panels	4 1/4" wide	10 Panels	4 1/4" wide
7 Panels	4 3/4" wide		

Fabrication Deductions:

Inside Mount (IB): Headrail width - deduct 1/4"
 Panel height allowance - deduct 1/4"

Outside Mount (OB): Net measurements

Mounting Options:

- Wall Bracket with end caps
- Ceiling Bracket with end caps
- Color coordinated Brackets

Decorative Magnetic Panel Clips

\$12 each

This decorative panel clip can be placed on the lead panel in place of a baton Decorative Magnetic panel clips are sold separately adding a designer accent to the fabric panels or on a free flowing panel track system keeping the panels free from fingerprints.

Available in three metal finishes: bright (chrome), satin (brushed), white
 Available in three wood finishes: limed oak, textured black, brown

The Nature Collection is sold separately. Style names for the Nature Collection are NOT listed on the pricing grids. Please refer to the standard price charts listed in the index above for pricing.

Fabric Specifications:

Please refer to the Coulisse® sample book for color selection

Please refer to the price charts and options section to calculate the cost of the shade

Nature Collection fabrics can NOT be seamed

Natural materials such as paper, jute and cotton are the base materials for this collection. Small irregularities as well as possible slight fraying at the edges may occur and are considered *normal characteristics Natural materials may crack, split, twist, bow and flare. Natural materials may experience color changes over time due to aging, direct sunlight and other climatic conditions. Climatic conditions may cause the shade length to stretch or shrink

*Normal characteristics are not considered defects in the product or workmanship

RETAIL PRICE LIST

Ultimate Panel Track System

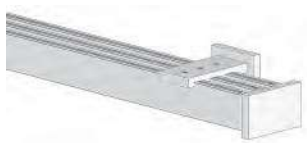

Ultimate Panel Track System is a unique free-flowing panel blind system (manual operation, no cords/batons) with a contemporary designer look. The rail includes decorative brackets and invisible sliding profiles.

Mounting Options:

Outside wall mount only

Side Bracket

Wall Bracket with End Cap

Ceiling Bracket with End cap

Ultimate (free-flowing) Sliding Panel Track Only

	Price per Linear Foot	Brackets: Width up to 39 ⁷ / ₈ "	Brackets: Width 40" to 71 ⁷ / ₈ "	Brackets: Width 72" to 107 ⁷ / ₈ "	Brackets: Width 108" to 167 ⁷ / ₈ "	Brackets: Width 168" to 204"
2 Channel	\$40 per linear foot plus bracket	250	275	344	407	468
3 Channel	\$60 per linear foot plus bracket	300	344	419	494	647
4 Channel	\$80 per linear foot plus bracket	325	744	812	900	987
5 Channel	\$100 per linear foot plus bracket	375	875	968	1062	1156

To price panel track: Calculate the linear cost of the panel track and add the cost of brackets. The number of brackets included is specific to the overall width of the panel system.

Track Configurations:

One Way Draw: Maximum of 5 panels

Calculation: Number of panels is equal to the number of channels

Center Split: Maximum of 8 panels

Calculation: Number of panels divided by 2 (each side) and add 1 (for center overlap)

EXAMPLE: 6 Panel Track: 6 panels divided by 2 = 3 + 1 = 4 channel track

Rail Connector :

Used to splice two panel tracks together. Included in the price chart. Please specify when placing order if part is needed. The cost is included in price chart.

Decorative Magnetic Panel Clips

\$12 each

This decorative panel clip can be placed on the lead panel. Decorative Magnetic panel clips are sold separately, adding a designer accent to the fabric panels for a free-flowing panel track system, keeping the panels free from fingerprints.

Available in three metal finishes: bright (chrome), satin (brushed), white
Available in three wood finishes: limed oak, textured black, brown

MOTORIZED DC PANEL TRACK SYSTEM

RETAIL PRICE LIST

System Features...

Speed control, self end- limits programming and easy installation Coulisse® panel blind systems can be operated on a single or multi channel remote control

The system works on radio frequency which allows for wireless programming and operation from a distance

Compact motors are aesthetically incorporated in the blind systems

Panel track motors can be powered by 12-24V transformer or connected to a battery or solar power strip for a completely wireless installation

No extra modules required for installation

Specifications...

Power Supply	12 - 24V DC - 0.6 A
Rated Power	7 W
Maximum Pulling Force	30N
Maximum Weight	35 lbs.
Number of Tracks	3, 4, and 5
Radio Frequency	2.4 Ghz (bi-directional)
Suitable w/Home Automation	Yes

Track Configurations for One Way Draw:				Track Configurations for Center Draw:			
TOTAL PANELS	TOTAL TRACKS	TRACK DIMENSIONS	MOUNTING DEPTH	TOTAL PANELS	TOTAL TRACKS	TRACK DIMENSIONS	MOUNTING DEPTH

NON-TRANSFERABLE LIFETIME LIMITED WARRANTY FOR CUSTOM BLINDS AND SHADES

Limited Lifetime warranty on custom made blinds and shades to the original purchaser provided the product remains in the original window

Included in warranty:

Custom made blinds and shades are warranted against manufacturing defects (flaws in the product design, materials or workmanship) that may cause the product to malfunction)

- Exceptions:
- 1 Cords including internal cords are warranted for a period of two (2) years
 - 2 Coulisse® warrants its motors to be free from defects in material and workmanship under normal and proper use for a period of three (3) years starting from the date stamped on the motor Drapery motors, mechanical, electrical and electronic accessories (excluding batteries) are warranted for three (3) years from the date of invoice

Not Included in warranty:

The warranty does not cover damages or deterioration due to the following reasons:

- 1 Normal wear and tear of the product including:
 - abuse
 - accident
 - alterations
 - damage from pets/insects
 - exposure to salt air
 - improper cleaning
 - improper handling
 - improper installation
 - improper operation
 - misapplication
 - misuse
 - high wind conditions
- 2 Any product that with the passage of time:
 - loses color intensity
 - experiences a loss of pleating
 - yellows or cracks
- 3 Natural Woods:
 - variations in color, grain or texture
 - warping of wood slats in high-humidity areas
- 4 Costs associated with:
 - product removal
 - product re measure
 - product reinstallation
 - transportation to and from the retailer
 - incidental damage
 - shipping

In the event multiple blinds/shades are in the same room, only the defective blind/shade will be replaced

THIS WARRANTY IS GIVEN IN LIEU OF ALL OTHER WARRANTIES, LIABILITIES, OR OBLIGATIONS
